MAIN STREET OFFICE, TIMES DISPATCH

Recognizing the widespread popular interest in the World Series of Baseball Games, The Times-Dispatch has arranged for a special wire direct from the ball grounds, and has also erected an Electric Bulletin Board on the front of The Times-Dispatch Business Office, 916 East Main Street, upon which every play made will be instantly reproduced by an ingenious arrangement of colored electric lights. It will be almost as vivid as actually "seeing the game." Everybody invited to come and see the Big Ball Games.

"The Blue Hen's Chicken"

of motor cars. That was the thought suggested by the Virginian motor car, the achievement of beauty and utility turned out by the Richmond Iron Works, who have adopted blue as the color for their standard car.

During the American Revolution Captain Caldwell said: "To be unconquerable a game cock, wherever hatched, must be a blue hen's chicken."

After noting the many conveniences of the car, its simple elegance and highly developed efficiency, the next thought was:

Made in Virginia! Made in Richmond! Not made in a hurry!

Of course, there may be many motor cars "just as good, if not better," but there is something fetching about "made in Richmond" that appeals to Virginians.

After all, one's doctor, one's tailor or milliner, one's horse or one's motor car is largely a matter of personal choice. It is not a matter of argument. Among so many that are good, the one which satisfies the personal equation is the one that one wants.

Pollard & Bagby

Occupy the undisputed first place among the real estate agents of Richmond.

In ADDITION to the best departments for Buying, Selling, Loans, Rentals and Farm Lands—each under the management of a masterful, trained, experienced man, we were the first Real Estate concern in the South to maintain what might be called a Constructive Promotion Department.

This was established to aid individuals, concerns and corporations in finding locations and establishing businesses. It has worked wonders—results have been gratifying.
